Heartbreaking to hear the loss of my friend Misha Carney. I worked with Misha for a time and clicked with her right away. She spoke of her children and parents often. She loved them very much. She was a hard working radiologic technologist who cared for and helped a lot of people. When I moved away and was homesick I spoke with Misha on the phone and she helped to calm me. She will be greatly missed. She will not be forgotten. Sincerest condolences to her beautiful children and family.

I didn't have the privilege to know her very long, but she worked in the same office as I did and we would talk, I know she lived her kids and appreciated her mom for watching her children while she worked. She was a beautiful lady, hard worker and she will be missed ❤️🙏
