Q: Describe where Joshua worked and what they did A: I worked with Josh from the first day he started a TA till his last day at TA. Josh enjoyed his job and was a hard worker and didn't mind getting dirty sometimes took him awhile to get done but he put pride into what he did and didn't mind working long hours. Josh and I ended up becoming pretty good friends he would come to the house and help me cut wood and loved hanging out with the kids I think it was bc he missed being away from his so much. It's been really hard going to work and not having my friend to joke with or share tools with and just have conversation with. Josh my friend you will be missed by myself my family and everyone at the Lexington TA RIP friend Bobby & family-Friends-Coworkers
