I remember talking on the phone with Jimmy alot, I would call and ask for mom , sometimes she wasn't there,so we would just talk for awhile.He was always trying to teach people in a subtle way.We both worked on cars so we had that in common, but most of all we would talk about the state of the world and how things where different from his time ,when man were man and hard times and hard work and integrity was a thing of honor. He was a giver to a fault, he had a great heart . Im thankful for the knowledge i was able to get from him. Rest in peace Jimmy

I was so blessed to have such a wonderful papa in my life. I am thankful of the 31 years I got with him on this Earth. So many memories made that I'll cherish forever especially trips to Tudors before he would take me to school then as I became an adult I would meet him on his lunch break at KFC ❤️ Amelia dawn

There are alot memories with papa that I will cherish. I was always proud to say he was my step dad (dad). One memory is he liked to give me a hard time but we both always had a laugh. At the end of our phone calls I would say goodnight I love you he would say me too and laugh instead of saying I love you back. Then of course he would cause he knew I wasn't gonna hang up. Gonna miss him and couldn't ask for a better man that raised me. So very thankful for the 38 years he was in my life.

Jimmy always thought it was funny when I was driving and he would say SQUIRREL. Just because he knew I would hit my brakes and then he would laugh. But that's only one memory. I could write a book. But I have my memories with him and that's what is getting me through. Love always

Jim was an amazing man. He gave everything he had to give and did everything he could do, for everyone. He was a father and a friend and most of all he was a grandfather. The impact that he left on this world will forever be seen in the lives he left behind. He loved Easton, and Easton loved him and will miss him forever. He was always there, and we will cherish the time we had with him! We love you Jim! ❤️

I will never forget when we lived over behind Proctorville it would flood and we had a pony and colt. We had no way to cross without getting wet so Jimmy rode the pony and I led her across. He was as dry as could be and I was soaked up to my waist. Good memory

A good man is one of the things I can say many many more of good things. He nvr let me and his grandson go with out. he was always there to love and care for us. And give us his shirt of his back. He treated me like his own daughter. And straight to get me in line. I knw he is with his son. Looking down. One heck of a man taken to soon and will nvr be forgotten. We love u then and now forever in out hearts. Jimmy was one of a kind
