What an honor it was to call her my friend. Bev was the funniest person I've ever known and one of the smartest. I'll miss our chats and shenanigans. Last time we chatted we were planning a visit when I returned to WV..Matthew and Jake, I hope you realize that you were her world. Her love for you was greater than anything else. You were her #1. I hope you can wrap yourselves in memories and still feel the presence of your dear mother.She will forever be missed. RIP Bev

My heart is broken. She was one of the kindest people on the planet. I'll never forget our pre-clinical cookie fests and how she never stopped encouraging us to keep going. May she rest in the arms of our Creator. I'm blessed to have known her.
