Danielle lit a candle in honor of Margaret.

I have so many memories I have shared with you I could go on for days talking about you, it tore me apart to get the call and now that I see it in writing it's hitting me pretty hard, I was hoping it wasn't true that this is all a bad dream and that soon I'll get a call from you having to let you go is gonna be so hard to do but I know your with your mom and she will take care of you, I know your now walking with your new set of legs and I know we will be back together someday so until that day comes watch over me my love!!
