Jim Kessick was a fine Christian man and wonderful human being. My wife and I knew him from our younger years. We admired him for his desire for serving the Lord over material gain.

I know I haven't been there in a while but this death has hurt my family deeply And I don't think I should think of this as a bad thing but a good thing and we shouldn't think of bad things we should think of the good things like the memories we had with him I remember the one time that I had a really bad day I can't Jerry and Pastor was there and he prayed with me and told me things would get better pastors been there for me through my whole childhood he told me one time that things may be bad right now but things will always get better as long as I have the Lord on my side and I will truly deeply miss Pastor kessic because he was a good pastor and someone really close to my family
