I was very sad to hear that you were gone. I loved you, and even though we were many miles away and living different lives, I thought about you often. I loved you as a kid, that's why I gave you all my Barbies and doll house with them. Trina was so mad. She still talks about. Hope to see you again one day my sweet cousin. Forever in my heart...

Addi, Alayna, and Jay... I am so very sorry for the loss of your Grandma. She loved you to the ends of the earth! I hope you had many happy memories of her to help you each get through this difficult time. Stick together and stay close to one another. That is what she would want. You and your family are in my thoughts and prayers - as always. I love you guys!

Gena was deeply cherished for her kind and welcoming nature, embodying a rare blend of humor and passion that warmed every heart she embraced as a friend. Remembering how her laughter could light up our workplace at Radisson, it was easy to form an unwavering friendship with her. Although distance may have intervened, the fond memories remain steadfastly engraved in my heart. May eternal rest be hers; I hold our shared past dearly. Rest in peace, my dear friend Gena.

Gena was always someone that you loved being around she was always full of jokes and laughter and knew just how to make everyone around her leave with a smile. I will cherish all the memories I have with her from a little kid right up to this past Monday on April 15. We shared good times laughed and joked and was even singing Ray Stevens song (The Streak) and she had to explain to the hospital staff how it was our Christmas tradition that we always watched those funny videos every year. While you will be missed by everyone down here I just know that you are up there giving my dad and the rest of the family a hard time. I love you so much and will miss you. Your nephew Bryan RIP Gi-gi

My first and favorite memories were with you and mamaw where I stayed with you all, all the time. Being by your side up to the time you took your last breath, I am honored and blessed. Even being my aunt, you were my first friend taking me to catch buses to go watch Rocky movies downtown to taking me out to eat and putting me up to things you were afraid to do - like dropping a fry dipped in ketchup onto a woman's beehive hair from the balcony of burger King then telling me to hide and run. You were always so funny and cracking jokes making everyone comfortable who was around you even the ones you just met. I will miss hearing you call me Shawnee and tell you what's going on. But I know you're not in pain any more and happy to be with Brandi, mamaw, papa and Beba. My heart hurts. I love you
