Q: What will you never forget about Melva? A: I grew up calling her mammal. Mammal was an incredible woman. She was stern regarding my education because when I moved to Chesapeake I was behind their curriculum in elementary school. It was because of her that I caught up so quickly. I always loved when she made her fabulous homemade biscuits, and watching her watch wrestling with so much enthusiasm. I spent so many evenings watching the tv show Cops with her because she loved that show when I was younger. Mammal will always hold a special place in my heart, and I will always remember my time with her with great love and admiration. She was one of kind 😊
